

EXTERNAL COMMUNICATION

January 29, 2020

Coronavirus Update

The outbreak of novel coronavirus (nCoV) in China, which has also appeared in Thailand and Japan has not been detected in India, Nepal and Bhutan at present.

The Indian Union Health Minister Harsh Vardhan has said that there is no reason to panic.

The World Health Organisation in its latest report on Coronavirus's latest situation said that there was a very high risk of the virus in China and does not mention any case in India.

Thermal screening of passengers coming from China for possible exposure to the deadly novel coronavirus (nCoV) infection is being extended to 20 airports from the existing seven airports; Mumbai, Delhi, Kolkata, Bengaluru, Chennai, and Kochi.

The Indian Government has also activated four new laboratories — the Indian Council of Medical Research's viral research and diagnostics lab network — at Alleppey, Bengaluru, Hyderabad, and Mumbai for testing samples.

The travel business in India, Nepal and Bhutan remains unaffected by this current epidemic and our guests continue to follow their scheduled itineraries.

We assure you of our continues support and your relationship managers remain available 24x7 to take your calls and assist you as required.

SITA

In existence for over 57 years, Sita is India's leading Destination Management Company and the most awarded travel company in India.
