Coronavirus Destination Update

INDIA

The coronavirus case count in India now stands at 78,003 cases, with 26,234 recovered according to latest health ministry figures. 2,549 people have died due to the virus across the country.

On May 12, the Prime Minister announced an economic stimulus package of Rs. 20 trillion (roughly \$ 267 billion), nearly 10% of India's GDP while giving away that the nationwide lockdown 3.0 amid coronavirus pandemic may be extended beyond May 17. Lockdown 4.0, however, is expected to be very different from what we have seen so far. The details of which, is expected to be unveiled during the week.
