Coronavirus Destination Update

SRI LANKA

The coronavirus case count in Sri Lanka now stands at 915 cases, with 382 recovered according to latest health ministry figures. There are 9 deaths reported due to the virus across the country.

After 52 days of economic uncertainty as businesses and shops remained closed amid coronavirus epidemic, Sri Lanka announced resumption of civilian life, and state and private sector activities have begun from May 11. All passenger flight & ship arrivals into Sri Lanka remains suspended since March 22.
