Coronavirus: Destination Updates

NEPAL

Nepal's government has announced the resumption of international and domestic flights beginning August 17, following the safety protocols for entry, which is still to be advised. The country's international borders will also reopen the same day.

With lockdown lifted, 311 new coronavirus cases were registered across the country in the past 24 hours. To curb the risk of the spread of coronavirus across the country, lockdown has been reimposed in towns and districts along the Nepal-India border with renewed emphasis on observance of social distancing measures and contact racing at national level.

The coronavirus case count in Nepal now stands at 19,273 cases with 14,201 (72.7%) recoveries according to latest health ministry figures. 49 (0.3%) deaths are reported due to the virus.
