INDIA

WE SHALL OVERCOME

With the vaccination drive in full swing, India is making great progress in recovering from Covid. There has been a steady drop in the number of new cases reported and numbers are at an all-time low since June 2020. These happy developments have definitely made moral high!

Airlines within Russia and other foreign airlines are set to resume scheduled international services to India from 27 January 2021. Return flights between Moscow-Delhi will operate twice a week from the said date.
