

## Destination Updates as on 4 March 2021

### NEPAL

The country continues to witness tourism resuming softly with international air space being open to foreign travellers. Trekking and mountaineering groups also remain allowed with prior permits and visa. Quarantine and testing protocols remain unchanged as on date.

Maintaining a steady 98.6% rate of recovery, the country is well on its way to coming out on top soon. Please [click here](#) for the latest statistics.
